

MARTIN

White hot brilliant sunshine,
Living vortex unraveled time,
Summer noonday glorious dawn –
Inextricable from what's going on.

As in seconds the hissing flame,
Reduces crucible to gold with no name –
Courageous bold unquenchable fire,
Is beauty still your hearts desire?

The planetary family looks to you,
Fears doubts burn 'em through –
Confident dignified charismatic,
Leadership that's axiomatic.

No doubt you've the garden walked,
Discretely with the flowers talked –
Plenty steps already taken,
Making clear we're not forsaken.
