

Russ

After dinner and all is put away,
They return to the work occupied their day –
Untangling what seems an intractable mess,
State of the World and Consciousness.

Recounting decades of astounding,
Lightning bolts, thunder, trumpets sounding –
Observing the chaos, identifying pattern,
Knowing there's something we need to learn.

ODetail oriented, a clarifying manner,
Nurturing organizer, careful planner –
Patient yet definitive when you need,
Analytical thinker, worried, agreed.

CORRUPTION, climate crisis, hunger, war,
Though a thousand windows on what Life is for –
Like Earth, what counts for you is the factual,
The blueprint, the condition being made actual.
