

ROBERT

Out a wet warm swirling vortex,
Historic mythic galactic context,
Ocean wide open thought –
Summer Love forever sought.

Lavender sky orange setting sun,
Among wishes none left undone –
From a chance without a prayer,
Laughter joy going somewhere.

Montana wheat fields turning gold,
Heroic Tristan knight of old –
You answer dare create,
Define dance formulate.

Shooting star luminary rain,
Time obscures your role again –
Since last passing through the clouds,
Please remind us what you vowed.
