

Shirley

Welcomes the sun her mountain meadow,
Passing clouds summer shadows –
Endearing pines / tender eglantine,
Cool calling steady stream.

Windows glow late cabin nights,
Golden warm oil lamp light,
Turns it up turns it down –
Turns your whole world around.

Carpets / walls / sculptures shout,
Escaping fears / absorbing doubts –
Plays for keeps / goes for real,
Determined undo heavens seal.

Layers her paintings perfect blends,
Straight to the point waiting ends –
Wooden ship Turner-esque sea,
Oceans edge a lighthouse key.
