Who taught you hummingbird to fly,
Tear like that cross moon and sky –
Escaping all our categories,
Wandering wordless TERRITORIES.

Terms of the deal in black and white,
No other way than do it right –
Talking wireless super-connectivity,
Multi-dimensional GALACTIC CIRCUITRY.

Showing telling feeling the same,
Sisterhood you've got no name –
Weren't we about a whole new world,
Peace on earth going to unfurl.

Nurturing careful patient all say,
Suffer die before betray,
Immortal love perfectly clear –
Key is choosing what's real here.
