

Bob

Out from a stillness uncommon dark,
Horsebacked messenger cobblestone sparks –
Godspirit and human entwine,
Changing wind come in time.

Vision bearer light speed traveler,
Animal talker puzzle unraveler –
Gracious kindness communicative eyes,
Trusting friendship on the rise.

Unfolding treasured documents,
Insightful maps ancient fragments –
Adapting goals ever forward bound,
All the possibilities spring once found.

Key to the pulsating underneath,
Some thought we would never reach –
Enlightenments got a practical side,
Eden's gate yours to open wide.
