

Billie

Among her sagas/metaphors,
Shipwrecked on a distant shore –
Spangled sky/moonless night,
Hosting wondrous streaks of light.

Frothing waves/a hem of eternity,
Strong minded/she wades from the sea –
At the beach/it's complicated,
Driftwood/breeze/all implicated.

Venus showers her with kisses,
What she aims at rarely misses –
Goal oriented/altruistic/intelligent,
Enlightenment Project reminiscent.

Welcomed by palm trees/silver sand,
Wished for friend to a troubled land –
The rest of the story's for her to tell,
Here at the crossroads heaven or hell.
