

Calum

Featured in the lines of Blake,
In such dreams you dream you wake,
In a Universe living eternity –
Complex mind ancient modernity.

Friend so easily recognized,
Face a vision undisguised –
Forever pursuing transformative goals,
Deeper than calculus beyond Black Holes.

Direct in speech ultra quick witted,
Galactic eyes particles knitted,
Fiery and active never lost –
Careful that his heart's not tossed.

Whatever's locked, here's the key –
Keep your balance heed Equality,
Honesty will multiply and grow,
Your gifts joy all you know.
