**O**n a cliffside overlooking the Sea,  
STARS hint a favorite OR at least could be –  
Where with a FRIEND, you stand and stare,  
The line, the edge, Presence share.

**W**alking back through whitened hills,  
Unpacking history, storytelling skills –  
ENERGETIC, enthusiastic, a Guiding Star,  
TREES, caves, castles, and still so far.

**M**idst all the possibilities a straight-on Heart,  
SECRET Love keeper, performative art –  
To the point, quick-witted and direct,  
A touch of magic, some a fairy suspect.

**L**ikely friendships going all the way back,  
Neither motivation nor courage lack –  
Everybody agrees things are broken,  
Absurdity and chaos in the open.
