

Dido

Beneath winter fallen deep,
Heartbeats memory forgotten sleep –
Sun cocooned in capricious sky,
Night so long the stars turn shy.

Snow spirit ancestral shadow,
Mountains insights steady glow –
Promised springtime story spinning,
Northern lights mythic beginnings.

Flesh blood living bone,
Silver river stepping stones –
Iron striking quartz moon mind,
Enduring reliable in the cloud kind.

Birds twitter horses comment,
To the point whats relevant –
Break the heart if you say nothing,
Or you can make the mountains ring.
