LAVENDER CRYSTAL moonlit snows,
Clear nights troubled shadows –
Ink drawn branches sleeping world,
Beseeching skies winter unfurled.

FIELDS adrift in impressionist dream,
Fiery opal enlightenment theme –
Strong reliable diamond soul,
Revolutionary challenging role.

ALONE in places everyone goes,
Looking for answers God only knows –
Metabolic mountain climbing,
Poetic lunar garden timing.

MERCURY says you're one to ask,
Despite some say impossible task –
Accepting responsibility for the earth,
Learning ours and nature's worth.
