Elisa

Forest lake twilight dream,
Quiet moment transcending theme –
All you were hoping you might find,
Waters edge a deer this time.

In your eyes an open future,
Uncommon wild referent nature –
Strong willed inspired friend,
Love story more than pretend.

Begins relationships steps right up,
Offering her golden cup –
Contagious happiness laughter joy,
In shooting stars long-term employ.

Careful now this mountain pass,
Need you to help us through at last –
Patiently point the way to go,
Venus told everyone you know.
