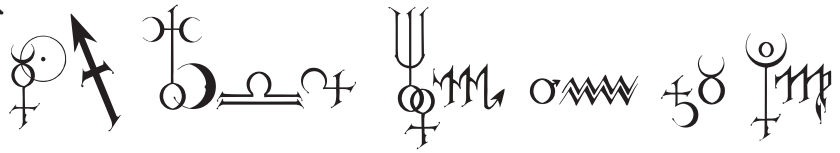
Jay-Z



Prime time never figured on you,
Serious friend dream come true –
Ruby sharp laser direct,
Enthusiastic ancestral connect.

Lightning flickering at the edge,
Vowed to equality justice pledged –
Honest about the self in the mirror,
No job too big nothing to fear.

Forests animals seas in desperation,
People awaiting some kind of revelation –
Heroic traveler road near the end,
Capable of miracles round the bend.

Staggering complexity stunning wit,
So a phase transition / how to do it –
The vision you cherish all want to see,
Needs the groundwork for it to be.
