Night trains quicken winter times,  
Clicking jostling / musing lines –  
Between the windows opaque black,  
Hallowed moments reflect back.

Lasting friendships / generous / kind,  
Animal magic / lightning mind –  
Postmodern insights / divine milieu,  
Narrative upgrade overdue.

Woods / snowfields / swirling drifts,  
Headlights / villages / bell clanging shifts –  
Blood and bones / waking dust,  
Quarks sharing energy / cells fractal trust.

City lights / snowflakes falling,  
Suddenly slowing / stopping / calling,  
People stand / arriving the station,  
Change maker your destination.
