Crossing the Plains via Interstate,
In quest of inscapes Life predicates –
Vermillion sunset to the edge of the World,
Glowing dust and the Inviolate swirled.

Purplistic wonder, marvel, surprise,
Asking each time what the narrative implies –
In webs of networks / history's throes,
Headed somewhere Heaven knows.

Adventurous / curious / cautiously playful,
Laser mind / leaning philosophical –
Telling vignettes / lasting friendships,
Hard memories / loving postscripts.

Headlights come on / dusk deepens,
The road slows, the grade steepens –
Sliver of Moon / guiding Star,
Just keep being who You are.
