What dreamscape fallen into this,
Treasured moment friendship's bliss –
Down from high up on a shelf,
Pursuing Socrates' "know thyself."

Distant travels/magic carpets,
Deep blues, purples, ultraviolets –
Digging jazz/coincidence/change,
Loving most those heaven arrange.

Mountains/fields/wild calls,
Purity of snowflakes scenes of fall –
Blushing sunsets un-named shades,
Nature's sacred masquerade.

Capable/responsible whatever task,
Always one more question asks –
For your kindness we thee thank,
BTW the script is blank.
