

Lisa

TIGERS horses elephants snakes,
Sacred mountains living lakes,
Her SPIRIT shares wonder with these –
Awe to bring us to our knees.

SILVER notes ascending night,
Clouds pearls candlelight –
Feelingful fiery inspired friend,
Sisterly magical to the end.

Yin-yang I-Thou synergy,
Blood and bone enduring energy –
Ariadne from her thought a thread,
Escape the labyrinth in our heads.

Winged angel on a difficult mission,
Help deliver a moment of decision,
Eyes for the garden an exquisite goal –
At the bifurcation to becoming whole.
