

Lera

Mind on the interstate through the night,
Markers, music, glimpses of starlight –
Sharing stories, dreams, times,
Headlights, solid and broken lines.

Riddle solving poetic Mind,
As trustworthy a friend you could ever find –
From infinities within to space e'er expanding,
Inspired, responsible, wisdom longstanding.

Enfolding kindness, enlightened stance,
Beloved of children, animals, plants –
Communing with Nature, still river bend,
Aware the Patriarchy at its Pathway's end.

Altruistic, direct, wildly spontaneous,
Aiming for a Miracle, absolutely serious –
Act One ends stretching the believable,
Act Two, Ojalá, a Utopia achievable.
