Along a valley's wintered edge,
Quiet pine forest/road a ledge –
Wind picks up/insists there's a chance,
Big change stirs neath the circumstance.

Raw determination/no one's tool,
Helping others your number one rule –
Intuitive sense of what Life is for,
Not to mention you know the score.

hard as platinum and more enduring,
Lightning bolt/no demurring –
Reliable guardian/a giver not taker,
Your reputation a miracle maker.

As for the vision the prophets commented,
Beginning to end unprecedented –
Within that drama/you're part of the picture,
Volting enthusiasm into the mixture.
