**M**odern vestige ancient dream,  
Apparition an owl would mean –  
Winging to the mountaintops,  
Whispering wishing never stop.

**P**athfinder magic guide,  
By what grace by our side –  
Forever searching asking why,  
Others shrink back you say try.

**L**ightning reaching into night,  
Locking arms holding tight –  
Mass approaching critical attraction,  
Unchained nuclear love reaction.

**L**ay his blanket down for you,  
Heart and soul tried and true –  
If careful patient and motherlike,  
Mends our hurts heals our psyche.
