

MARISA

FOREST shadows mauve skies,
CAREFUL welcoming intrepid eyes –
SWIRLED of light and matters dark,
DIAMOND minded untamed spark.

UNDISGUISED what you're about,
GOING somewhere aside all doubt –
INCLINED to tease / carry on friendships,
POSE questions / perfect trips.

UNEXPECTED uncommon fate,
WINTER chrysalis garden gate –
NEVER slowing / Edenic intentions,
SPRINKLED with mystery Venus mentions.

IN a time worlds long waited,
FUTURE intuitions anticipated –
WHAT we need now is elemental,
ALTRUISM / kindness / change fundamental.
