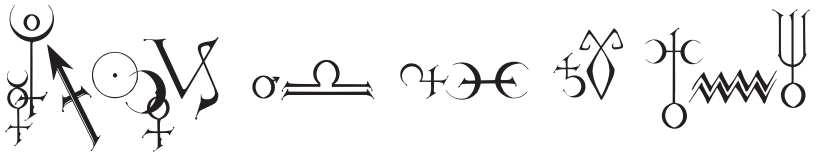
Mikaela



A call-and-response filling the room,
Neath falling Stars / night with no Moon –
Your telling footsteps crossed the floor,
Took us from mountains to distant shore.

New York minutes in all directions,
Sparkling snowflake imperfections –
Sacred solitude long steep climb,
Referencing heroes / Love sublime.

Honest / Just / a companion's delight,
Kinship with animals / inner sight –
Cosmic focus / freedom's chimes,
Heralding Peaceable Kingdom times.

What's needed more than any thunder,
A new Responsibility, Joy and Wonder –
Departing the Self-as-Separate tenses,
Bringing us forward to our senses.
