Canyon sunset lasting twilight,
Destination starry night –
Purple mountains desert rain,
Dream escape the hurt and pain.

Linking tomorrow luck and chance,
Serendipitous circumstance –
Secrets laughter friendship skills,
Reliable moon fiery will.

Quick to respond slow to tear,
Bringing distant goals near –
Questioning givens answering needs,
Doing ten over the posted speed.

Even if chaos you find yourself facing,
Patience will help your storymaking –
Only together can we unlock the gate,
Sometimes you just have to wait.
