

Paul

Stained stairwells broken glass,
Sliver of moon cold impasse –
You asking for one more kiss,
Swearing we can get through this.

Shooting star mountain air,
Joy to be with anywhere –
Hard working unforgettable,
Intuitive mysterious inescapable.

Quick-witted philosophical mind,
Friendly lucky dog loving kind –
The same reputation twilight earned,
Companionship the lonely yearn.

Not an easy job description,
Half the instructions in double encryption –
You just can't quit though you feel like crying,
Responsibility in a word: keep trying.
