Born of friendships narrative dares,
Unsolved mysteries snow in hair –
Sudden stillness mantle of night,
Never surrendering sacred sight.

Walking long lone winter beaches,
Turquoise sky ocean reaches –
Soufflé difficult covenant making,
Unrepentant ruler breaking.

Boarded buildings streets of stone,
Amazon Shasta forests moan,
Broken hearts in need of mend –
With you to the very end.

Undisguised wise womanlike crone,
Sign reader spellcaster here on loan –
Tell us please what you see,
Perchance transitioning reality.
