Left your tracks in the morning dew,  
Long the beach in dreams unending,  
Clouds pink horizons bending.

**N**arrative threads double dares,  
Brothers sisters scattered everywhere –  
Quick and steady animal lover,  
Milkyway soul heretical other.

**I**ntuitive mind naturally inspiring,  
Deconstructs our alleged hard wiring –  
Friends treasures goals directions,  
Always asking one more question.

**A**ncient actors post-modern set,  
Transformational complex kismet –  
If magic keep part of your vision,  
World of love in your future given.
