

# Silvia

**N**eon lights friendly faces,  
Champs-Élysées midnight places,  
Restless engaged energized crowd –  
Joy that trusting makes allowed.

**C**ontagious laughter intuitive thinker,  
Meditates on thoughts love lingers –  
Enchanting strange extremely charming,  
Direct speech totally disarming.

**E**nduring smile for one and all,  
Talk of travel ports of call –  
Moments worries cares beset,  
Troubles goals plans debts.

**N**ow the answer to your question,  
Saturn offers this suggestion –  
Hold on persevere,  
Even as the winter nears.
