Crossing mountains graced with snow,
Chopin on replay / dashboard glow –
Coiling the edge / up near the clouds,
As magic as Holiday nights e'er allowed.

Dazzling dancing mesmerizing flakes,
A sense of direction / aware the stakes –
Undaunted Will / Winter Swan,
Focused on the denouement.

Choices, hard work, how you persevere,
With joy and compassion helping you here –
Responsible / visionary / light years traveled,
You understand what's coming unraveled.

Cried your share and know some history,
At a pivotal moment Earth's larger Mystery –
Saturn suggests about the Garden,
Is there someway we could ask Her pardon.
