About your Stars in a short vignette,
From Zurich to Innsbruck by Railjet –
Midst sounds, rockings, Alpine scenes,
Fortuitous in ways Life can mean.

Friendship minded, timeless Heart,
Enduring love for theatrical arts –
Careful smiles, seriousness, laughter,
Host and guest forever after.

Sometimes things are black and white,
Respect for Nature, Human rights –
If choice is included in all circumstance,
Wing wiggling butterflies still stand a chance.

Some possibilities aren't easy to imagine,
This Saturn suggests warrants attention –
In the cusp of Pisces, to be perfectly clear,
Means letting go things, like stories and fear.
