Called from distant mountains near,
Chimes might ring / skies clear –
Gift for wings an eagle soar,
Forests fields river rapport.

In a moment what it's all about,
Heart of the matter inside out –
Kind / helpful / the greater good,
Hope as only the Sacred could.

As for the answer that she brings,
Hard work / insight / butterfly wings –
A stir of altruism / spoonfuls of change,
Whole understandings rearranged.

Imagine someone taking a chance,
A mind responsive to circumstance –
Clarity for her a must,
Leadership needed that children can trust.
