Winged spirit the wind referred,
Breath of life the water stirred –
Edge a fractal stellar swirl,
Metamorphic lovmade whirl.

Inventive mind woodstock heart,
Generous soul dancing part,
Helpful kind fair honest –
Imagines humans at their best.

Utopian ideals altruistic veins,
Compassion mercy when others pain –
Timeless goal searching paths,
Round the campfire world at last.

Situation complicated,
Far from where originated –
Problems keep on getting worse,
Which way out this cultures curse?
