

# Carole

Escaped heaven hushing pines,  
Valleys violas hearts minds –  
Contageous cooperative helpful kind,  
Invisible dimensions relevant mind.

Wild roses edge your paths,  
Much to say meant to last –  
Being there going somewhere,  
Inspired goal aimed double dare.

Unrepentant evolutionary,  
Post-modern revolutionary,  
Promising paradise round the bend –  
About a fairytale chance again.

Orange kisses morning glory blue,  
Mars insists you always knew,  
A loving garden of sweet actuality –  
Needs weeding watering practicality.
