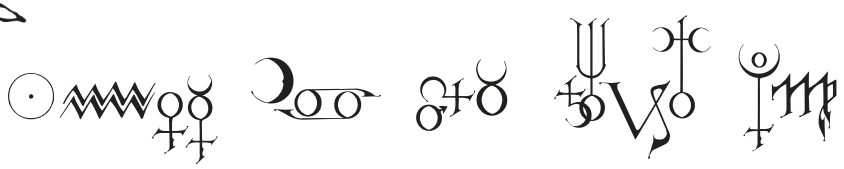
Danielle



Was there really a lake that night,
Loons in tremolo summer twilight –
Waves lapping/wind in the trees,
Unraveling the sky's infinities.

Sisterly moon/rebellious mind,
Altruistic/helpful/generous kind –
Unchosen situation incomparable deal,
Chance to make a miracle real.

Spirit of change in fundamentals,
Upgrading humanity's elementals –
Good turns endless without explanation,
Favors/gifts with no expectation.

Earth's got a job can't do alone,
Heaven messaged to your phone –
Take responsibility for the planet's fate,
Produce the key/unlock the gate.
