In love with winters sculpted drifts,
Mountain air the wind her gifts –
Trembling aspen river beds,
Fleeting moments heaven weds.

Spirit of kindness advocate change,
Keeper of sacred unlocker of chains –
"Altruistic," stars say of you,
One whose wishes dreams come true.

Composure confidence emotional balance,
Could be the humans one last chance –
Imagination perseverance empathy,
Open sharing honest free.

If carefully putting the pieces together,
Analyzing value dignity measure,
Organizing/nurturing/patiencing a plan –
Heaven your mind Earth your hand.
