Moonlight tangled winter trees,
Saxophone on bended knee,
Wind the corner New York streets –
Where paradise and history meet.

Dramatic reliable altruistically slanted,
Calabi-Yau autumn enchanted –
Good deeds hymns un-named,
Prometheus come unchained.

Touch capricious rational type,
Model an age beyond the hype –
Living your days serving others,
Aware who we are to one another.

Success/fulfillment Saturn notes,
Starts with honesty many quote –
In the end what the pictures about,
You know what none can do without.
