Out shadows full moonlight cast,
Cross desolate fields sleeping fast –
Pathway epiphanies cascading Zen,
Becoming savior once again.

Compassion/empathy/greatness of heart,
Life giving raindrops rooftop art –
Sacrifices wealth/gives back time,
Delivers the world a love sublime.

Reason and feeling side by side,
Hunger/wars/count the tears cried –
You could be the sweep of hand,
Wake us one another/animals/the land.

Daylight warms its way to spring,
Mists veil what the season might bring –
With just a touch your renowned magic,
The drama could suddenly turn less tragic.
