

Khalid

Slowly walking seagrass dunes,
Winter night / full summer moon –
Except from the infinite sacred darkness,
Where else a heart as kind and generous.

Some say you're crazy or else naïve,
Holding to the vision all like to believe –
Not one child hungry / no one homeless,
A World of trust and helpfulness.

Enlightenment thinker / giver not taker,
Problem solver / change maker –
Unraveling material to a thread,
In language / systems / in our heads.

Leadership skills / a romantic vein,
Compassion / forgiveness / deliverance train –
What's needed obviously something new,
What Love never seen before could do.
