Coral necklace opal sea,
Purple mountain ecstasy,
Illuminated cello note –
Crossing the room dances floats.

Moonlight laden sands ahead,
Embroider the edge her nest bed,
No escape the contagious mood –
Overture or interlude.

Night waves endless breaking,
Inviting spirits ancients waking –
Forgiveness Compassion Purification,
Love healing celebration.

No price she wouldn't pay,
No risk not take to save this day –
Just one turn a magic key,
Wading into the mystery.
