The Omni-glow that You came from,
Remembers nights, morning Suns –
Waking, answering, drying tears,
Beloved Choices, lessons, years.

Zircon promises, Platinum setting,
Not turning back, never forgetting –
Reassuring along the ledge,
On the beach, at Earth's edge.

Trusted companion, natural kindness,
A Mind for Sacred thankfulness –
Hears the Children, the Forests pleading,
Aware the Change Civilization's needing.

Delivering the difference just in Time,
From Self-as-Separate to a Love Paradigm –
Reaching the end of the Patriarchal World,
The Wind its answers finally unfurled.
