

Natalie

Gathering clouds stirring fields,
Unlocking rooms the ego sealed –
Transformations leaving nothing the same,
Persuading tomorrow to change its name.

Rebellious spirit durable mind,
Honesty equality freedom aligned,
Utopian idealist your one for all –
Angels catch you if you fall.

Generously sharing blessings gifts,
Gulf breeze moments courtroom shifts –
Imaginative cooperative understated,
Childhood goodness consecrated.

Spends her evenings studying the score,
Wealth poverty prisons war –
If to this mess brings patient care,
Love could break out everywhere.
