

# Peter

**W**holly wind without a name,  
Never leaving the world the same –  
Been places only fairness knows,  
Down valleys up mountain roads.

**E**nfolded in a thick night pattern,  
Undaunted high defiant lantern –  
Turbulent air snapping branches,  
Maybe no more second chances.

**T**eacher student inventive quirk,  
Convinced something else might work –  
Like updating the inherited story,  
Love power heavenly glory.

**I**f searching perfection all around,  
Tree tops to the underground,  
Patience carefulness children in hand –  
Come host the promised land.
