Silver of moon accent star,
Earth remembers who you are –
Evening as would Venus beget,
Tear drop a jeweler set.

Altruistic spirit compassionate eyes,
Gift of heaven perfect surprise –
Constant forgiveness refalling in love,
Healer woman morning dove.

You've a sense this world's architecture,
Canalized media distorted picture –
Yet undaunted without fear,
Believing in the goodness here.

On-going wars soiled nest,
Either our fault or the devil confess –
Someone mentioned cleanup time,
Could that be what you've in mind?
