Woodwind moments landscape strings,
Rising from the In-between sharing brings,
Descendant altruists wet garden moon –
Mindful fractals her own room.

Compassionate gift giver / forgiving / discreet,
Enlightenment intelligence / Chopin suite –
Jewelry box sea shells broken chains,
Fragrance autumn after rain.

Loves changes / untangling skeins,
Rescues relationship from whirl of machines –
Estranged presence unbelievable times,
Desolate beaches / faint deck chimes.

Doctor doctor it's omni-circumstantial,
Fundamentals wrong / evidence substantial,
Ego pathways ending Earth in distress –
Need your help transition this mess.
