Out a leaf tearing uncommon wind –
Welcomed wayfarer helpful kind,
Intelligent inventive stardust guest,
Heartbeat pulse forest breath.

Garden moon streaming sky,
Heavenly messenger yin yang eyes,
Blessed revolutionary rad expertise –
Flower thinking honey bees.

heaven and earth go between,
Goddess knows all she means –
Feed the hungry serve one another,
Peace sisterhood love our mother.

Going to do whatever she can,
Water carrier rosebud plan –
Singular lover freedom fond,
Winged presence here then gone.
