**A** healer's sailor's carpenter's stars,  
Sprinkled with notes violins guitars –  
Stained glass window rainy day Soul,  
Forgiving altruistic becoming Whole.

**K**eeper of the sacred well,  
Feelingful the willow tree tells –  
Lover of the lone sheep lost,  
Never minding counting cost.

**R**iver through a woods of change,  
Heart of compassion saintly range –  
Known to make wishes come true,  
Water color world purple-blue.

**C**arrying one important message,  
No less than the missing passage,  
Day dream shadow steadily growing –  
Forest Spirit what should we be knowing?
