

# Alice

Lavender mauve winter crisp,  
Catch of breath hair wisp,  
Howling bending evergreens –  
Diamond dust epistemes.

Likes difficult unexpected questions,  
Winds license her own directions,  
At the crossroads quiet bold –  
Hard at work stretch and fold.

Kind generous loves delight,  
On her mind day and night,  
Saffron friendships time can't fathom –  
Calabi-Yau Mountains anthem.

Marianne where'd you get those shades,  
Those red shoes scarf brocade –  
Is it true we've one last chance,  
Deliver honesty fair circumstance.
