

Charlyn

Cross the way in flickering light,
Was it you wished this night –
Rekindling memories becoming friends,
Beginning you don't want to end.

Save the campfire forest dark,
Retelling stories Septima Clark –
Lessons learned distance come,
Trust emerging for everyone.

Naming stars Orions quiver,
Tracing constellations following rivers –
Direct sincere honest smart,
Every possibility from the start.

Sign reads, "Gardener Needed,
Flower beds never been weeded –
Strawberry fields mango groves,
Delight the tongue tingle your toes."
