**G**rade steepens road narrows,  
Every sign a curved arrow,  
Night's edges slope down hard –  
The wind deals you a wild card.

**B**ees in trouble / elephants / bears,  
Dear kinships / irrefutably cares –  
Tall evergreens watch in quiet,  
Men say can't / you don't buy it.

**F**ierce dream forge winter vision,  
Love struck on a miracle mission –  
Not at all what was predicted,  
Synchronicities unrestricted.

**S**hape shifting undying friend,  
Persevering to the end –  
This fairytale needs big time changing,  
You help inform the re-arranging.
