Mountain night fills the sky,
CROSSING HORIZONS GALACTIC SIGH –
CRADLING ENDLESS, STARLIGHT AND DUST,
SPARKLE ENTWINED WITH QUIET TRUST.

Winter interlude harboring Spring,
Today never knows what love might bring –
Working on a dream humanity's stammering,
High in the roof beams carpenters hammering.

Hours later back on the road,
Reason for being / beside debts owed –
Talking til the sun comes up,
Dashboard light and coffee cups.

Serious heart with a vein of caprice,
Friendship and kindness without cease –
Times like these call for clarity,
What really caused / what can end the polarity.
