

Jenifer

Beloved spiral galactic nest,
Layered mountains winds address –
Changemaker waking our minds,
Tracing clouds / quivering Pines.

Love matters from playground start,
Campfire intentions / altruistic Heart –
Encouraging words / sustaining thought,
For that World we've long sought.

Strong willed / Kind / guiding Starlight,
Working the late shift / spangled night –
Renowned for your gifts / rebellious style,
Complex, enthusiastic, a little wild.

Respecting the ancestors Everyone's from,
Grasping the Crisis already begun –
To return the Peace Train to its track,
History tells us not one step back.
